MY PROFILE

My journey :

After obtaining a Master of Teaching Professions in 2011, I taught for 8 years as a school teacher.

In 2019, after completing Le Reacteur training, I was recruited there as a teacher assistant. I am now a JavaScript / React / React Native trainer.

My professional qualities :

#curious
#sociable
#organized
#dynamic
#rigorous

Professional experience

since October 2019 :

Trainer - Le Reacteur - Paris

Languages taught : JavaScript - HTML - CSS - React - React Native

Today I want to leave the field of training and fully orient myself towards Web & Mobile development.

Projects

You can find my projects on my **GitHub** profile : *Corinne-Coding* 

or on my **portfolio** : *corinne-pradier.netlify.app* 

Chat app

FullStack project - socket.io / React / Node.js
